

Fostering a powerful, patient-centric, continuing medical education model

Driving meaningful change in clinical practice and health outcomes requires an innovative and adaptable continuing education model that meets the evolving educational needs of both clinicians and patients.

Our educational model is powered by:

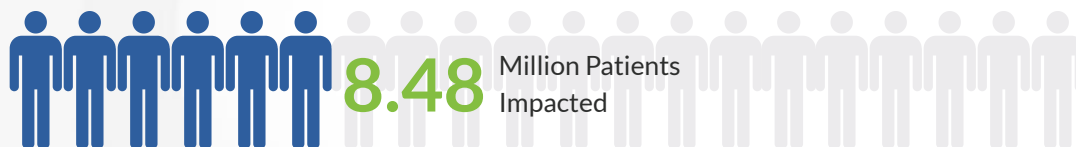

- ✓ Expertise from our extensive partner network
- ✓ Therapeutically-aligned learning channels, trusted by hundreds of thousands of HCPs
- ✓ A best-in-class outcomes approach
- ✓ Patient-centric content
- ✓ Customized learning experiences

Driving positive health outcomes at scale

34,827,696 patients impacted in the last 3 years

2019 65 Programs

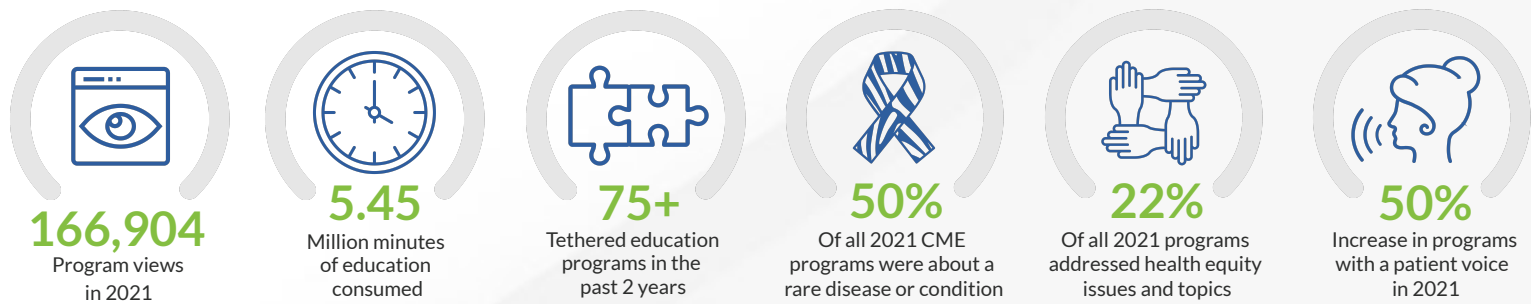

2020 145 Programs

2021 169 Programs

An array of purposefully-designed activities to engage and educate providers

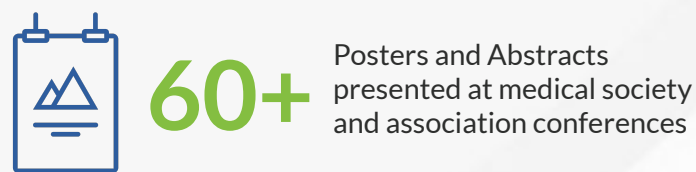

Measuring practice improvement and change fuels our approach to future educational initiatives

HCPs reported that PlatformQ Health's education would lead to:

Recognized outcomes and impact

Powered by our partners

Relying on each other's collective strengths to make a difference
